For particulars, terms and conditions of sale apply to PAYNE & GRAHAM, Barristers, Red Deer, Alberta. Approved "W. A. DEYLL," Deputy Registrar. Sept. 4, 3-w-

Two Attacks Merged Into One Battle

Strategic Allied Plan Governs Both Somme and Verdun Operations

Paris, Sept. 8.—Through the gradual development of a strategic plan during as it is admitted, the allied operations on the Somme and at Verdun have become part of one great battle—the most colossal conflict ever waged under the guidance of a single commander. Nowadays, great general headquarters acts as a vast clearing house, linking the offensive conducted by Gen. Foch with that carried on by Gen. Neville. The two attacks, separated by hundreds of miles of firing line, were interlocked even to the extent that the generals in charge of each knew the minute when the first was to have reached a victorious conclusion and the second to have begun. The program laid down under the supervision of Gen. Joffre worked with precision.

Mosquito Blamed For Plague

New York, Sept. 9.—The mosquito is blamed as a carrier of infantile paralysis, in a letter that will be published in the New York Medical Journal, by Dr. Charles S. Braddock, Jr., formerly chief medical inspector for the Siamese government. A similarity is pointed out in the spread of the plague and in the spread of yellow fever. "Both diseases flourish in hot weather and cease in cold," Dr. Braddock explains. "The mosquito perishes in cold weather. The season has been very favorable for the propagation of mosquitoes."

Retaliation on Belligerents Is New Plan of U.S.

General Revenue Bill is Finally Passed by Senate and Congress

Washington, Sept. 8.—The general revenue bill, a measure intended to meet additional expenses of the government, due partly to military preparedness, was finally passed by the Senate and the House last night. The president is given authority to adopt retaliatory measures toward any belligerent nation that illegally interferes with the trade or commerce of the United States. The conferees, however, struck out the Phelan amendment to empower the president to retaliate against citizens of belligerent nations who interfere with United States mails. The conferees also abandoned the Chamberlain amendment to prohibit admission of Pacific ocean salmon or halibut through a foreign country, except in bond from an American port. This it was declared might develop a commercial war with Canada and bring about retaliation against American Atlantic and Pacific fisheries.

PATHWAY OF WAR

Senator Williams said the pathway of commercial retaliation was the pathway to war. It meant just that. What we needed was the only democratic doctrine of free trade with all nations. He was willing to fight Great Britain, as his for-fathers did, but he was not willing to fight Canada, and the trade retaliation against Canada that had been rejected would have led to hostilities. Additional direct taxes and customs dues imposed by the bill will raise in the neighborhood of \$200,000,000 in revenue, according to the framers of the legislation. The bill increases the income taxes,

surprise at the action in Washington. "It has been inevitable from the start unless British and French statesmen were sufficiently wise to avoid unnecessary disputes and forego unessential activities. It was a complete and fatal mistake for the British and French to rely upon any fancied sympathy on the part of the majority of American citizens with allied purposes, when allied purposes either interfered or seemed to interfere with their rights."

The Tribune says a great mistake will be made in London and Paris if it is assumed that the power that is to be conferred upon the president will not be used.

Distribution of Seed Grain and Potatoes

FROM THE DOMINION EXPERIMENTAL FARMS

By instructions of the Hon. Minister of Agriculture, a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (about 5 lbs.), white oats (about 1 lb.), barley (about 5 lbs.), and field peas (about 5 lbs.). These will be sent out from Ottawa. A distribution of potatoes in samples of about 3 lbs. will be carried on from several of the experimental farms. The Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free by mail.

Only one sample of grain and one of potatoes can be sent to each farm. As the supply of seed is limited, farmers are advised to apply early. Requests received after the end of December will probably be too late. Anyone desiring a sample should write (post free) to the Dominion Cerealist, Experimental Farm, Ottawa, for an application blank.

Farmers Lead In Export Trade of this Dominion

Statistics of Agricultural Exports Interesting and Encouraging

A comparison between the exports of the farmers of Canada, and the manufacturers rebounds very much to the credit of the former. Numerous figures are often confusing and are generally considered dry. But the following statistics showing the normal exports of agricultural products from Canada are interesting and encouraging.

Grains	\$138,000,000
Seeds	26,000,000
Cheese	19,000,000
Hides	9,000,000
Cattle	8,000,000
Apples	3,000,000
Milk and Cream	2,000,000
Total	\$205,000,000

Turning to manufacturers' exports we find the following:

Forest products	\$43,600,000
Paper	13,000,000
Copper	9,000,000
Ag. implements	6,800,000
Salmon	7,000,000
Wool pulp	6,000,000
Nickel	5,600,000
Coal	4,000,000
Automobiles	4,000,000
Iron and steel	4,000,000
Asbestos	3,000,000
Fertilizers	2,000,000
Total	\$115,000,000

It is fair to add to this \$27,000,000 made up of:

Flour	\$21,000,000
Bacon	4,000,000
Cereal foods	2,000,000
Total	\$27,000,000

These totals together make up \$142,000,000 from the manufacturers as compared with \$205,000,000 from the farmers.

The three items are given separately, inasmuch as they are products of the farm turned over to the manufacturers to be given their finished form. This intermediate list shows room for increase. The more raw products a country can turn into finished products before exporting the better for the country. If what goes to outside markets in the shape of flour, it does not lessen the profit to the farmer, and it brings back more money into the exporting country. It has the further advantage of benefitting labor in Canada, and of increasing the number of consumers of all the home products, both agricultural and manufactured. In a protective country like Canada it is essential to show good results along these lines.

Wheat Crop Short By Eight Hundred Million Bushels

The world's harvests of wheat last season were the largest on record at a total estimate of 4,127,000,000 bushels. Of the countries harvesting this far in the year the loss is 800,000,000 bushels. Europe never raises its bread supplies and in the coming twelve months the importers will be hard pressed to meet the needs of the accessible countries even at the reduced consumption that is apt to follow unusually high prices. As the surplus of this country will be in great demand, our prices will be high in conformity with the world's shortage. Only two important wheat raising states of the union hold up to their former records — Nebraska and Pennsylvania. In every other section where wheat is produced in considerable quantities, the average and yield were curtailed by rains, frost, heat, drought and plant disease.

BERLIN PAPERS NOW BEGINNING TO TELL TRUTH

And The Dose is Unpalatable to the People of Germany

London, Sept. 7.—Under the caption "What Has Happened to Germany?" the Daily Express says: "Suddenly the veil is lifted and the true state of affairs is disclosed in the latest German newspapers. They admit defeat at Verdun and describe it not only as a military but also as a moral defeat, the percussion of which is at this moment felt so seriously in the Balkans". They clamor for peace and renounce any ambition of annexation. A veritable disease of truth-telling has broken out among them."

The newspaper cites the Berlin Post as follows: "Falkenhayn's recall is an admission of defeat suffered before Verdun."

The Berlin Vorwarts is quoted as saying: "A truce with England must be arranged even at the sacrifice of some of Germany's chief ambitions."

The Schwabische Tagblatt says: "Even if the Russians and Italians

Value of Submarine is Greatly Exaggerated By Frightfulness Advocates

London, Sept. 7.—According to definite information reaching Berlin, from Germany, Dr. Von Fehnmann-Hollweg the German imperial chancellor, upon being questioned at the August meeting of the federal council as to why he yielded to the demands of the United States regarding the unrestricted torpedoing of ships on the high seas, replied emphatically that the value of the submarine was exaggerated by the adherents of wholesale torpedoing.

The chancellor said that insistence on an unrestricted submarine warfare would cause war between Germany and the United States and that the results of unlimited torpedoing would not justify such a policy.

Elaborating this point, the chancellor is quoted as saying that Germany could not effectively blockade England nor cut off England's food supplies.

British Trades Union Congress Endorses a Policy of Protection

Birmingham, Eng., Sept. 6.—The Trades Union Congress, representing nearly 2,500,000 organized workers of Great Britain took and important and unexpected step today by the adoption, with a majority of more than 1,000,000 votes, of a resolution virtually endorsing the principle of protection.

The resolution asks for the adoption of the methods for restricting or preventing the importation of cheap manufactured goods produced at lower rates of wages and under worse labor conditions than prevail in this country.

Thousand Square Miles of Transylvania Captured

Zurich, Sept. 6, via London Sept. 7.—According to Austrian admissions, the Rumanians in one week of war captured more than one thousand square miles of territory in Hungary. The region occupied includes some of the most desirable sections of Transylvania. In it are many towns and several cities, one of which is a famous watering place.

Petrograd, Sept. 7, via London.—Turtukai, a fortified Rumanian town on the Danube, about fifty miles southeast of Bucharest, has been evacuated by the Rumanians, according to the Russian official statement issued today.

Berlin, Sept. 7, via London.—More than 20,000 Rumanians and 100 guns were taken when Bulgarian and German troops captured the Rumanian fortress of Turtukai, says the official statement issued today by German army headquarters.

Attempt To Promote New Revolt in South Africa

Cape Town, via London, Sept. 9.—Details of an attempt to foment another rebellion against the British in South Africa was disclosed at the trial, yesterday, at Bloemfontein, of two Nationalists, Van der Merwe and Schonen, on a charge of high treason. The men are alleged to have approached a number of prominent Boers, including Gen. De Wet, whom they told that large stores of rifles were available, and that certain Boer generals were willing to lead a revolt.

Gen. De Wet, who informed the government of the movement, testified that he warned the men against attempting another uprising.

The hearing was adjourned.

Alberta Farmers' Live Stock Bulletin

Cattle—There was good demand for fat cattle, and we sold one car of steers from Crossfield U.F.A. at \$6.70, the top price received for cattle on this market for some time. We sold one car of fair cows at \$5.25. Desirable stock steers sold at \$6.00. Dairy colors and qualities were a drag on the market, and these sold as low as \$4.00.

Hogs.—There were no hogs received till the latter part of the week. Eastern markets kept advancing, and all Thursday's hogs sold here for \$11. Friday's for \$11.25. We look for a strong hog market next week as the demand is by no means satisfied.

Sheep.—Spring lambs brought \$9.25. (Top prices this week a year ago on steers, hogs and lambs \$6.65, \$8.75, and \$7.50, respectively.)

Steers.—Fat, common to choice butcher 6.00—6.70

Heifers, common to choice heavy butcher 5.25—5.70

Cows, choice 5.00—5.25

Cows, common 4.00—4.50

Cows, canner 2.00—3.00

Stags 3.75—5.50

Oxen 4.00—5.00

Veal calves 200—300 8.00—8.75

Veal calves 450 6.75—7.00

Light feeding steers 5.75—6.00

Light feeding heifers 6.25—6.50

Springers, choice \$75—\$80

Springers, common \$55—\$65

Sheep—Good wethers \$8.25—\$8.75

Ewes 7.50—7.75

Lambs 9.00—9.25

Hogs, select weighed off cars \$11.00

Your Weekly Newspaper

PERHAPS you haven't been thinking about it---just taking for granted that \$1.00 a year is a right price for "The News," year after year, let other things cost what they may. But you are a reasonable being, and so can see that the price of a weekly newspaper should no more remain "fixed" year after year than the prices of such common things as

beefsteak	wheat	motor cars	sugar
eggs	lumber	coal	horses
potatoes	boots	clover seed	land

CAN you think of any other commodity except newspapers and their like whose price has remained unchanged and unchanging year after year? Why, then, should your newspaper's price remain forever the same---the same, for example, as when you could buy

a cord of wood for \$1.50
a bushel of wheat for 50 cents
a common fowl for 25 cents
a dozen eggs for 10 cents
a pound of butter for 12 cents
a cow for \$25.00

THE war has brought to a crisis a condition of things which has vexed publishers for years; the selling-price of their newspaper. It has sent prices of paper, ink, type and supplies skyward. It is costing us many more dollars a week now to produce "The News" than before the outbreak of war. Where do we get off at?---in the slang language of today. The answer is: we must get more for "The News." And so on and after October 15th, 1916, the subscription price of "The News" will be \$1.50 a year to Canadian and British post offices; United States \$2.00 a year; and to the Army Post Office, London, England, \$2.50 a year.

You are reasonable, and so we count on you to meet the necessities of the situation cheerfully. Three cents a week for your local newspaper---it is worth the price, is it not?

Less than the price of a "Smoke"

HEALTHIEST ONE IN THE FAMILY

No Sign Of Dropsy And Kidney Trouble Since Taking "FRUIT-A-TIVES"

MATTIE WARREN
Port Robinson, Ont., July 8th, 1915.

"We have used 'Fruit-a-tives' in our house for over three years and have always found them a good medicine. Our little girl, Mattie, was troubled with Kidney Disease. The doctor said she was threatened with Dropsy. Her limbs and body were all swollen and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-tives' and would never be without them."

WILLIAM WARREN.
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

HOUSEKEEPER WANTED

A great help on a busy day

McClary's Kootenay Range

This is the sort of range every home should have,—one that saves a woman's precious time on busy days.

Do you know why one range is better than another?

Better to know before you buy, for you are settling now the kind of range you will work with for years to come.

The Kootenay is made of "Armco" iron which will resist rust; the burnished smooth top needs but a little wiping to keep shiny bright; and you'll want to know all about the fuel saver on smoke-pipe, the smooth oven walls of nickelled steel,—washable, and how smartly you can get hot water when you want it in a hurry. All these are but a few of the engaging features told and pictured in our new booklet, which you can get by simply filling in your address on the coupon and mailing it to us. Tear out the coupon now while you have it in mind.

McClary's

London Toronto Montreal Winnipeg Vancouver
St. John Hamilton Calgary Saskatoon Edmonton

ONCE a week at least there is a big day centering around the kitchen range. The boiler takes up a lot of room, and there is dinner to cook. Your range should take care of both, a dinner worth while, and the washing too. And if you have a Kootenay it will. Set the boiler the long way of the Kootenay, right down in the pot holes. That leaves two of the hot, front holes free for cooking and at the same time keeps the boiler on the boil.

When I compare the England of the present time with the England that I saw in 1914 I find that a mighty revolution has taken place. I did not notice it when I lived in a hotel and only met the shopkeepers and travelling population, but now that I am living with the people and see a mighty change, a broader-mindedness and a greater sense of the equality of man.

The British nation is finally beginning to realize that the nation is at war, and is acting accordingly. Women are taking the place of men in the fields and workshops. For instance, where I am at present, there are several hay bales being run by women, and all of the farmers have women in their fields. I believe the wife and the ladies at the dinner set the example. I pity them for they have scarcely even dressed themselves before, and a hay fork does raise blisters on the heat of hands.

Zam-Buk, on the contrary, is so refined that it is capable of reaching the underlying tissues, and that is why so many cases of skin trouble, which have defied all other treatments, have yielded to Zam-Buk.

Don't delay! Get a box of Zam-Buk and prove it for yourself. Not only is it best for eczema and all skin troubles, but also for ringworm, ulcers, old sores, blood poisoning, boils, piles, burns, cuts and all skin injuries. All druggists or Zam-Buk Co., Toronto, 50c. box, 2 for \$1.25.

Send 1c. stamp for postage on free trial box.

ROYAL YEAST

MAKES PERFECT BREAD

Personal War Story Told By Canadian

Lieut. Mingo of The Royal Highlanders Sketches Experiences

Kings Somerton, Hants, England, London, July 15. I was wounded by shrapnel on April 19, but not very seriously. It went through the lower muscle of my left arm, but did not injure the bone or the nerve. So far as wounds go I consider myself very fortunate. But I regret very much that I missed the later developments of the German attack on Ypres. I have been in the charge made by a few days.

Speed in Handling Wounded I was very much impressed with the speed and care with which the wounded are handled by the medical corps. It was about 9 p.m. when I was hit and it was not long before I was dressed by one of the medical corps. It was about 9 p.m. when I was hit and it was not long before I was dressed by one of the medical corps.

One of the Canadian medical corps. I was hit and it was not long before I was dressed by one of the medical corps. It was about 9 p.m. when I was hit and it was not long before I was dressed by one of the medical corps.

Well, dad, I guess we will be having our 80th numerals and badges. That parade I mentioned above was for the purpose of picking out 200 men for a machine gun battalion, composed entirely of machine guns. Every one of our platoon and most of the company (about 20 left) volunteered and we expect to leave the 80th soon. I think it is the 80th that we are going to.

From Boulogne to London After a few days in Boulogne I was placed on board a hospital ship and made the journey to the hospital in London without any fatigue whatever. On all the way we received the best of food and treatment, officers and men alike. Although they are kept separate as much as possible, there is no difference in the treatment. Our men get the best, and there is none better for us. My arm it quite healed now, and I am passing my time with the boys in the hospital.

Henry Ford Buys in England Henry Ford has bought a large property near here and is preparing to work on it. I do not know whether he has inside information or is just taking a chance. Of course, all labor is consensated by the minister of munitions, so I think he must know something worth while before making a large outlay as he has done. The English nation is finally beginning to realize that the nation is at war, and is acting accordingly. Women are taking the place of men in the fields and workshops. For instance, where I am at present, there are several hay bales being run by women, and all of the farmers have women in their fields. I believe the wife and the ladies at the dinner set the example. I pity them for they have scarcely even dressed themselves before, and a hay fork does raise blisters on the heat of hands.

For instance, where I am at present, there are several hay bales being run by women, and all of the farmers have women in their fields. I believe the wife and the ladies at the dinner set the example. I pity them for they have scarcely even dressed themselves before, and a hay fork does raise blisters on the heat of hands.

When I compare the England of the present time with the England that I saw in 1914 I find that a mighty revolution has taken place. I did not notice it when I lived in a hotel and only met the shopkeepers and travelling population, but now that I am living with the people and see a mighty change, a broader-mindedness and a greater sense of the equality of man.

Zam-Buk, on the contrary, is so refined that it is capable of reaching the underlying tissues, and that is why so many cases of skin trouble, which have defied all other treatments, have yielded to Zam-Buk.

Don't delay! Get a box of Zam-Buk and prove it for yourself. Not only is it best for eczema and all skin troubles, but also for ringworm, ulcers, old sores, blood poisoning, boils, piles, burns, cuts and all skin injuries. All druggists or Zam-Buk Co., Toronto, 50c. box, 2 for \$1.25.

Edmonton in the Year 1885

(Red Deer Advocate)

Through the courtesy of Sheriff McPherson the Advocate is in possession of a copy of the Edmonton Bulletin of March, 1885, not long before the Rebellion. Among the local items are the following—

Methodist revival meetings are well attended.

No school on Friday, owing to the illness of the teacher.

Joe McDonald's sleighs left for Red Deer, Wednesday, to bring in lumber.

The saw mill at Red Deer is cutting lumber now, nearly as fast as it can be hauled away.

Seed wheat of first class quality is being offered freely at from \$1.50 to \$2 per bushel. The fact is becoming gradually developed that there was a great deal more good wheat in the country last season than most people imagined.

Working horses and stock generally have sold better as fast in winter as they are now, although the cold has been severe. Accounted for by the good crop of oats last season. There was a great deal more good wheat in the country last season than most people imagined.

On Friday forenoon J. V. Cameron was brought before Capt. Griesbach by a constable in charge of a party of men charged with having given one Daniel Dugan (the informer) a half-bred who takes treaty, a drink of intoxicating liquor during the first or second week of November last. G. A. Watson for defence. Dugan avowed the above statement. It was proven by the testimony of J. V. Cameron and his clerk, T. Lauder, that Mr. Cameron left Edmonton on the 10th of October last, and did not return until the 1st of December. The case was dismissed. Mr. Anderson reprimanded Dugan for having perjured himself, and wanted to be against doing the same again. Dugan was forthwith arrested and charged with being drunk and raising a disturbance about the 11th of December. He pleaded guilty and on being asked said he got the liquor from the interpreter, J. Calder. He was sentenced to two months' imprisonment at hard labor without the option of a fine.

J. Youmans, mission teacher, arrived from Winnipeg last week, bringing with him a large number of White Star Road goods. Weather mild and hillsides bare. Heavy traffic past White Star lake to Lac la Poudre this week. The weather is very good. White Star lake this winter. At that of Benjamin Sinclair, Jr., to the daughter of chief Peasias of Beaver Lake, nearly 300 guests were present.

Editorial

A howl may be expected from the alleged Canadian national papers at the proposal to raise a Canadian corps for British service in Sudan. Canada certainly has no direct interest in this war, and has no men, spare, but has a very great indirect interest. It is to Britain's military prestige that Canada owes the peace which she has enjoyed for 70 years. It is to her interest that that prestige should be upheld though at some expense to herself; or more, that it should be increased by showing that the word that the British Empire is a unit for offence or defence. In Britain's defeat Canada has nothing to gain and everything to lose. She should be willing to fight to prevent loss to herself. Or, supposing Canada desires to become independent. Independence can only be attained and maintained by war. It is well for her to test her mettle in a side conflict before entering upon one on her own account. Let us see whether our people are fighters or not. The men of 1812 are nearly all dead now—before we dare to set up for ourselves being a nation that has a claim. I pity them for they have scarcely even dressed themselves before, and a hay fork does raise blisters on the heat of hands.

When I compare the England of the present time with the England that I saw in 1914 I find that a mighty revolution has taken place. I did not notice it when I lived in a hotel and only met the shopkeepers and travelling population, but now that I am living with the people and see a mighty change, a broader-mindedness and a greater sense of the equality of man.

The British nation is finally beginning to realize that the nation is at war, and is acting accordingly. Women are taking the place of men in the fields and workshops. For instance, where I am at present, there are several hay bales being run by women, and all of the farmers have women in their fields. I believe the wife and the ladies at the dinner set the example. I pity them for they have scarcely even dressed themselves before, and a hay fork does raise blisters on the heat of hands.

When I compare the England of the present time with the England that I saw in 1914 I find that a mighty revolution has taken place. I did not notice it when I lived in a hotel and only met the shopkeepers and travelling population, but now that I am living with the people and see a mighty change, a broader-mindedness and a greater sense of the equality of man.

Zam-Buk, on the contrary, is so refined that it is capable of reaching the underlying tissues, and that is why so many cases of skin trouble, which have defied all other treatments, have yielded to Zam-Buk.

Don't delay! Get a box of Zam-Buk and prove it for yourself. Not only is it best for eczema and all skin troubles, but also for ringworm, ulcers, old sores, blood poisoning, boils, piles, burns, cuts and all skin injuries. All druggists or Zam-Buk Co., Toronto, 50c. box, 2 for \$1.25.

of stopping their own people from freighting, or refusing to pay timber or taxes of any kind to the government, and decided to not recognize the government in any way. The legislative assembly of British Columbia re-nounced the anti-Chinese bill of last session which was disallowed by federal government, with only one dissenting vote.

The United Farmers have held a two-day convention. They denounced Norquay's bargain at Ottawa, and demanded a redistribution of seats and a new election. Another convention will be held during the session.

The Lands reserved from entry in above Township are—

Sections 1, 2, 3, 10, 11, 12, 13, 14, 15, 25, 29, North East quarter 32, 33 and 36.

JARVIS-SCHULZ HARNESS CO., LIMITED

Gaetz Ave. South (Opposite Lord's)

Soaps of Quality

Many makers of Toilet Soaps cater to dealers who regard their customers from the standpoint of profit only—cut quality when it stands in the way of profit.

These soap manufacturers seek to hide the presence of impure materials by the use of pungent perfumes, some using coloring matter if necessary. We trust we have none such.

Every soap maker represented in our stock of toilet, bath or medicinal soaps has earned a reputation for producing high grade goods such as:

Harmony Rose or Violet Glycerine Soap	2 for 25c
Resall Toilet Soap, per box of three cakes	35c
Palm Olive Soap	2 for 25c
Baby's Own Soap, per box of three cakes	35c
Woodbury's Facial Soap, per cake	25c
Resall Skin Soap, per cake 15c, per box	40c
Pure Castile Soap	8 for 25c
Wright's Coal Tar Soap, per cake	15c
Premier Vinolia Soap, per box	35c

Buy your soaps from us and you will always be satisfied.

The Resall Store

The Gaetz-Cornett Drug and Book Company, Limited.

Prof. H. H. Gaetz spent the week end in the city.

Brazier's Christmas stock is already on the way.

Look at Brazier's window for some thing new on Saturday.

Miss Davidson, of Innisfail, was the guest of Miss Gale last week.

Corp. A. F. Buford, who is attending the military school, was up from Calgary yesterday.

J. J. W. Gold has enlisted in the Army Medical Corps, and leaves tomorrow for Calgary to take up his work.

Don't miss seeing Fanny Ward in the wonderful Photoplay "The Cheat" at the Lyric Theatre Friday night.

Now is the time to get a Victrola or Stewart Phonograph, \$6.50 and up. Gaetz-Cornett Co. are sole agents.

All property owners should see that their names are placed on the Voters list which is now being up in the city office for inspection.

Only 25c per week for the New York Times, Daily and Sunday editions. The best paper for war news. Get it at the Gaetz-Cornett Co.

Rev. E. G. Heaven, of Falkenburg, Ont., who has been visiting friends in the west country and Red Deer returned to the East on Monday.

Rev. L. E. Brough wishes to take this means on behalf of the Baptist Church, to thank the local talent who supplied the pulpit during his absence on vacation. Their services were appreciated very much.

The congregation of Knox Presbyterian church will hold their annual supper and concert on Monday, September 25th. Supper will be served from 6 to 8 o'clock in the church hall. The concert will begin at 8:30 in the church. Admission, 50c; children under twelve 25c.

The W. A. of St. Luke's church are holding a ten cent tea and sale of homemade cooking, also a 5c, 10c and 15c booth in the tea room of the Women's Institute corner of Ross St. and Gaetz Avenue on Saturday, September 16th from 3 to 10 o'clock. Everybody welcome.

The heavy rain and hail storm which passed over Monday afternoon did considerable damage about eight miles east and northeast of the city. Mr. Bagley's crop at his ranch was badly smashed up and a number of others in that district met with loss. This is very late for a hail storm.

Roy G. Cornett, who met with a severe mishap to his knee a week ago, is still in the hospital and the broken knee cap cannot be fixed up till the swelling goes down. He is suffering considerable pain and the swelling is receding very slowly. It is hoped the operation can be performed in a day or two.

The city police are looking after people who run their autos at night, contrary to regulations. We understand people who have not both lights in front and rear light in rear of their car will be prosecuted in future. No car can be allowed to stand in the street without a red light. A word to the wise is sufficient.

The lawn of Mrs. John Reid, Washburn Ave., will be an interesting place to visit next Saturday afternoon from 3 to 6 o'clock p.m. The United Willing Workers of Knox Church Sunday School will hold a ten cent tea and sale of ice cream at the above place and date. The proceeds are to go to the Talent Money Fund to support a native missionary in India.

The Lacombe Globe says the continual downpour of rain last week filled most of the cellars in town—a ravaging in depth from one inch to five feet, according to the locality. The flats east of town are flooded, and the water is higher on the road way than it has been for fifteen years. The electric light plant at the Blending man was threatened by flooding last night, and the steam plant was out in operation at midnight. The Red Deer is rapidly rising. The rain fall for a day was around three inches.

Indians assert that the coming winter will be the mildest in years. They say muskrats have started to build, fur bearing animals have thin coats and bark on poplar trees is loose. They have other signs they go by for their assertion that the winter will be mild and short. They are seldom wrong. The fact that we had such a cold winter last year followed by such a cold summer, however, will in our opinion be also a strong reason why we will have a mild winter, as seasons generally take one with another, even up in temperature.

W. J. Kirby of Rocky Mountain House was in the city last week.

Mrs. H. H. Kingzett and daughter are spending a short time at the Coast.

Miss Waller returned a few days ago from a very pleasant visit to the Coast.

Mr. Windlow, western superintendent of the Bank of Montreal was in the city on Saturday.

Mrs. W. Beaumont and daughter left on Thursday to spend a few weeks at Edmonton and Irma.

A good stock of Prang's Public and High School drawing books and Grade XII books at John McVicar's bookstore.

Mr. W. T. Coote spent the holiday with his brothers at Cayley, Alberta. He reports some excellent crops in the south, but cutting has been delayed by continued wet weather.

Ford, son of Mr. and Mrs. F. H. Tallman left for Calgary on Saturday to attend the Western Canada College. Mrs. Tallman accompanied him and will spend a couple of weeks with friends in Calgary.

The excavation work for Campbell, Wilson & Horne's new building is now nearly completed having been delayed owing to the wet weather, and Contractor Elms will soon be busy with his land of the contract.

A ten cent tea and sale of homemade cooking will be held at the home of Mrs. G. H. Lindsay, 5th St. North, on Wednesday afternoon from 3 to 6 p.m. September 13, under the auspices of the Methodist Ladies Aid Society.

Mr. and Mrs. Cecil Hewson returned on Monday from a month's wedding trip to Chicago, Toronto and other eastern points. They have taken up their residence in the former Kane house on Fifth Street north.

The Canadian Northern Railway Co. have now started driving piles on the south bank of the river for their bridge, and will keep two pile drivers going, one on each bank, working towards the centre of the river. The bridge will be fourteen feet apart, and this work will occupy a considerable length of time, and use a large supply of piles. This pile work will be used to allow their track to enter Red Deer until the material for the steel bridge arrives.

The auction sale of lots in the Village of North Red Deer on Saturday afternoon near at 2 o'clock bids fair to be one of unusual interest. All lots will be sold without reserve to the highest bidder and the village now holds the Certificate of Title so that without delay the purchaser may obtain Transfer. The properties to be offered for sale include some of the best situated in the village. Mr. Arthur Rogers, auctioneer, has been engaged to conduct the sale, which will take place at the Municipal Office, just West of the bridge.

Good general servant, Apply Mrs. J. M. Campbell, 294, 6th St. North, Sept. 12.

WANTED At once, fairly capable housekeeper. Highest wages, apply to Mrs. W. J. Stephenson, Poplar Street, Sept. 12, 2-w.

HUILDING WANTED Wanted to buy a small lumber building, suitable for a good sized hen house. State price and particulars to Box 42, Red Deer.

TO RENT Furnished or unfurnished rooms in a private residence. Fully modern. Apply to P.O. box 383, Red Deer, Sept. 11.

FOR SALE OR RENT Imperial livery and feed barn, Blackfalds. Transfer business between Blackfalds and Burnham in connection. Give possession anytime. Good reason for selling. Apply R. H. Frout, Blackfalds. Sept. 11, 3-w.

FOR SALE Ayrshire cow, milking, will calve in March. Price \$65 Apply N. White, Sept. 12.

FOR SALE Complete set of eight school books for 1916 grade High School. They cost \$2.50. Will sell for \$1.30. Apply N. White.

LOST Between Stettler and Red Deer, new outer casing for Ford car, plain tread; electric tail light; house No. 1462 or 1463, Saskatchewan and fire bracket. Finder please leave with Michener Bros., Mechanical Garage, Red Deer, who will pay all expenses. Sept. 13, 3-w-1.

NOTICE The Voters List for the City of Red Deer for the year 1916, is prepared and on file in the City Office. See that your name is on it if you are a voter. A. T. STEPHENSON, Sept. 12, 2-w.

Notice

"It has been decided to extend protection to the harvesters and threshing season to all homesteaders who may apply for leave to engage in such operations. This does not, however, include the holders of unperfected proxy homesteads. Entrants may apply direct to the Secretary, Department of Interior, Ottawa, or through the Agent of Dominion Lands for the District, for this permission. Absence from the homestead while engaged in harvesting operations cannot be allowed to count as residence duties." P. PIDGEON, Agent Dominion Lands, Red Deer, August 31, 1916.

WANTED A man to canvass the country. One used to selling land preferred. Would supply till end of November. State what salary expected. Give full information first letter. Apply to Box X.Y.Z. "News" Office.

PLASTERING C. Hugel is prepared to do plastering in all its branches. No job too small to do. Yearly solicited. Residence 1st St. North E., Poplar St. Sept. 12, 4-w-1.

FOR SALE 1914 Ford car in first class shape. For further particulars apply to the Ford Garage, Red Deer. Aug. 14.

Here is the Most Practical Washing Machine Made—Exactly What You Have Always Wanted.

The Maytag Multi-Motor Washer

Complete with Engine and Swinging Wringer

It is equipped with a light, powerful, compact little engine that does all the hard work of washing and wringing, and does a bigger, better, and cleaner washing in an hour or two than you can possibly do with a wash-board and tub in a day's time. This Washer takes up no more room than an ordinary wash tub and can be used in the kitchen, laundry, dining room, or the wash room or out in the yard. It requires no belts, chains or pulleys, no electricity or water power and no waiting for the men to bring their engine from the city.

Besides running the washer and wringer, the machine is equipped with pulleys so you can operate other small machines, such as a churning machine, food chopper or anything else that does not require more than one-half horse power.

The MAYTAG MULTI-MOTOR WASHER is splendidly made of the best materials and is guaranteed against defects for a period of three years and this warranty covers the washer, wringer and engine. This is not an ordinary washing machine, but something new, with exclusive patented features that no other washer has or can have.

WASH-DAY, and that is WORTH-DAY, changed into PLAY-DAY. Good-bye backache, headache, nerve wreck! No woman need bend over the wash tub as her grandmother did, nor turn the old-style washer as her mother did, if she has a MAYTAG MULTI-MOTOR.

Nearly FIVE HUNDRED of the Wide Awake, Up-to-date, Progressive Hardware and Implement Dealers in Manitoba, Saskatchewan and Alberta are selling this machine.

DEERING

NEW IDEAL

Grain Binders, Mowers, Rakes

In selecting a grain binder the farmer wants service—good service. If he buys a Deering grain binder, he will make no mistake.

It is built and equipped to give satisfaction. It is light running—in which respect it is not exceeded by any other on the market to-day. Its large range of reel adjustment, and the facilities it has for picking up down and tangled grain gives it a special value. The famous and well known Deering KNOTTER, the best of all knotters, ties knots that stay tied and ties all day without trouble.

This is a big point in its favor with the farmers. Don't fail to see it before you buy. We want your business, therefore we will make you the very lowest prices possible.

Yours for fair dealing,

Whitby & Cotton

Phone 93 RED DEER Box 728
